- Even Bigger Share of the Economic Pie

## **EVERYDAY ILLINOISANS**

- Less \$\$ for Public Schools
- Seniors and Disabled Forced into Nursing Homes
- Weaker Unions
- Denying Employees Compensation When Injured on the Job
- Undermining the Economic Security of Working People

**We need to reform government so that it works for everyday Illinoisans, not wealthy special interests.**

**The Rauner Agenda does just the opposite.**

**While everyday people struggle to keep up, the Rauner Agenda gives an even bigger share of the economic pie to corporations and the wealthy.**

**PREPARING OUR CHILDREN FOR THE FUTURE.**

The Rauner Agenda cuts funding for education, health and other vital services for everyday people. It cuts aid to cities, towns and public schools—while protecting tax breaks for millionaires and big corporations.

**PROTECTING OUR LIVES AND HOMES.**

Instead of doing his job to build the middle class, Rauner is using his millions to attack teachers, nurses, firefighters and others who provide vital services. That will weaken our economy and hurt our communities.

**GIVING SENIORS AND THE DISABLED INDEPENDENCE.**

The Rauner Agenda slashes funding for in-home assistance for seniors and people with disabilities, forcing many out of their homes and into institutions.

**BUILDING OUR COMMUNITIES.**

Rauner wants to weaken the unions that represent many of the people who build our communities, teach our children and protect our safety.

He wants to limit their ability to advocate for our children and have a voice at work. And he wants to make it easier for corporations to cut wages and reduce the retirement security of everyday Illinoisans.
